Anne-Marie & Jean-Marc Vincent

2023 Domaine Jean-Marc Vincent Santenay Blanc 1er Cru "Le Beaurepaire"

IMPORTED BY Kermit Lynch

ABOUT THE PRODUCER

Anne-Marie and Jean-Marc Vincent inherited most of their vines, principally located in and around the village of Santenay in the southern Côte de Beaune, from Jean-Marc's grandfather, André Bardollet-Bravard. They produce three premier cru reds and two premier cru whites from Santenay, in addition to a red and a white Auxey-Duresses. The Vincent wines are characterized by rich, layered fruit, intense expression of individual terroir, and solid structure.

Their Auxey-Duresses Blanc "Les Hautés," which thankfully happens to be their highest production wine (that is, more than two barrels produced), is a gem and a role model for other producers of the appellation. This is the wine that first attracted Kermit to the domaine. "I had rarely had an Auxey-Duresses that excited my taste buds," he said, "I knew I was on to something." And indeed it reaches the heights of many a white Burgundy with a greater pedigree. It also evolves well in one's cellar. The Vincents' wine operation is a family affair and A-M and J-M split their time between the vineyards, cellars and their young children. Their miniscule production always sells out quickly to a small group of devoted clients. All of their wines are a testament to the importance of vigneron talent in a given appellation. While a great vigneron can make over-achievers from any appellation, a great appellation will never be great in the hands of mediocrity.

William Kelley of the Wine Advocate said "This small but exceptional five-hectare Santenay domaine is one of the Côte de Beaune's finest and deserves to be much better known."

WINE NOTES

All grapes are harvested by hand, with several passes through the vineyard to pick grapes at the optimal point of maturity. Sorting happens in the vineyard with each grape being inspected by the harvesters. The goal of the vinification and aging is to let the wine develop at a very slow pace. Vinification without sulfur, small amount of sulfur added at bottling.

Vines are 11 years old. Grapes are pressed immediately after harvest under low pressure and must be transferred by gravity to new oak casks for fermentation. Wines are aged in 10% new oak barrels. Wines are never raked. Wines are aged for a minimum of 15 months. Lees are stirred 3 or 4 times per month up until Spring, then left on the lees until aging is finished.

"A gem from a small, under-the-radar producer in an undervalued appellation. Who doesn't like that? Each successive vintage, Jean-Marc Vincent is proving that with high-quality vineyard sites, tireless hard work in the field, and careful mastery of vinifications, Santenay is capable of rivaling more prestigious crus in the Côte de Beaune. Working the vines organically, as Jean-Marc strives to do, is no easy feat: he estimates approximately 700 hours of manpower per hectare are required over the course of a single growing season! The result is palpable with this latest release, among the most pure, precise, classy wines the domaine has yet to make. The Beaurepaire is a deep, expressive Chardonnay with a minerally grain and the subtlest kiss of toast. From Santenay's highest-altitude premier cru, this rare white is not to be missed. Enjoy this masterpiece over the next fifteen years." - Kermit Lynch Wine Merchant
